

THE EAR!

Let's explore how we hear!

Pinna
(Outer Ear)
Catches
sound waves!

Hammer
(Malleus)
First tiny
bone!

Small Bones
(Ossicles)

Anvil
(Incus)
Passes the
vibrations!

Stirrup
(Stapes)
Sends vibrations
into the inner ear!

**Auditory
Nerve**
Sends signals
to your brain!

Ear Canal
Sound travels
through here!

Eardrum
Vibrates like
a drum!

Cochlea
(Inner Ear)
Turns vibrations
into signals!
